Scarlette,
Good luck
in future. Best
Wishes Always ~
Richard Patton

Dear Scarlette,
I'm glad we met
this year and I hope
you're in my classes
next year. You, Ruth
and I make a good
Trio. I wish we could
have done more things
together. But there's
always next year
if there? Good
luck always!
Love
Rose

Scarlette,
To a girl who
comes in History
class so happy.
Good Luck in
everything you do.
your Friend
Marge

Scarlette,
To the sweetest friend
I've ever had. Remember,
Even though we have personal
Crises, we can learn from our
experiences. We've had many good times
and I know we'll have many more.
Never forget our "Dear Abby" sessions!
Good luck in the future and may God bless
you always Be good!
Love always,
Sandy "Z"

Scarlette,
Good luck with
everything. Don't forget
drivers ed. Stay happy
and see ya next
year. I will always
love ya,
Linda

Scarlette,
Good luck in your classes this
Remember first period Algebra and all
the homework. Peace, Love, and Happiness
Love,
Dave Robbins

Scarlette,
I am really glad
to have met you this
year. Always remember
Chemistry and Mr.
Pendergrass and
especially Mr Williamson
Maybe we'll be in
Physics together. I hope
we remain friends
and have a great Summer

Love ya,
Kathy

Scarlette,
I only I
could say what
I wanted to. But,
I can't
wish this.

Scarlette,
To a very sweet
person. I am glad
I have gotten to know
you and I hope you keep
in touch with me over the
summer. Good Luck in the years
to come.
Love,

Scarlette,
you help make my
only year at Franklin
the best school years I've
had yet. Don't change
Ed Dammetel

Scarlette,
Remember all of those totally
interesting Driver's Ed classes
and how everybody paid attention
to good ole Williamson. well,
anyhow, I'm really glad that
we got to know each other this
year. You are a really good
friend. I hope I will see you
next year, and maybe you'll
be in some of my classes next
year. Good luck always on everything
you do, especially when it comes
time to get your license. See ya
driving Love,
Fannie

Good Luck
Next Year
Love
Your

Scarlette.

You are truly one-of-a-kind. You have added a little sonshine to our history class. Have fun this summer. I'll be seeing you 'round. Good luck with the guy of your dreams. (Whoever it maybe)

Luv.

Chris Evans

Scarlette,

It's been great knowing you this year. Remember in homeroom when Mr. Floyd always told you to get off the window sill and you always made me tell you whether he was coming or not. Remember our study hall 4th pd. Thursday and Friday. And all those times you gave me your Geometry homework help, be good and stay tall? See next year in math, (if I pass)

Jim
77.

Scarlette,

Even though I've only known you for less than a year, it seems as if we've been great friends forever. I know we'll keep in touch this summer, and we'll have some fun with Nancy and Sherrie and Chris. Remember "Gone With the Wind," and picking out your Jr. prom dress after the SAT's? Well, we had good times with in-between, and Manure, too!

Thanks for being a great friend and remember:

The tighter
The pants
The better
The back view!

Love
Ruth

Dear Scarlette,

Always remember English with Mrs. McDonald and Mr. Crickard. I'll remember your mating call and I'll look forward to hearing it through the hallways next year. Anne

Scarlette, it's been fun in English this year. You have a great sense of humor & enjoy life. Good luck Jane's

Scarlette,
Thanks to your good humor, we had a great (?) year in Chemistry. Have a good summer, see you next year & stay cool.

We have been as one, sharing
memories, sharing love.
Yet we have in our own ways
remained the same in our inner selves.

We will take with us a little bit
of everyone that we have known,
Adding these pieces to our individuality,
our expression, our lives,
Growing by these additions in a
fulfillment of spirit, a fulfillment of
soul.

But as the golden and scarlet leaves
of autumn, soon our lives as one
will fade and fall away,
Only to be blown in different
directions, on separate paths.

Still,
We will always have the
cherished memories when we were
one,
When we stood together in
our hearts.

Throughout our lives, our thoughts and ideals will be changed and molded, shaped by our encounters — not only with people but with situations as well.

We will travel along different highways, climb different mountains and confront different perils.

There will be times of fortune and failure, of friendship and vice, of despair and hope — and from these we will be richer in our hearts.

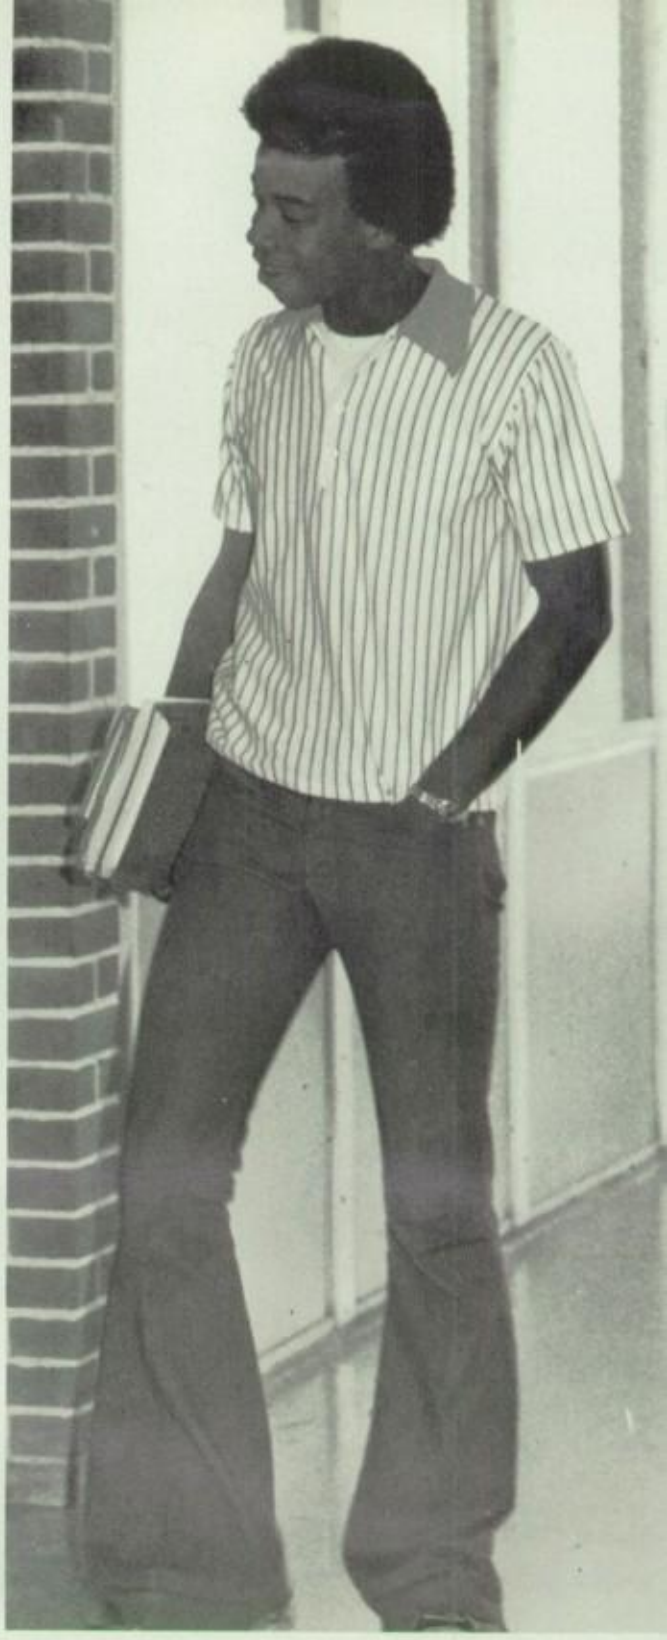
Details will be forgotten, and the years will change clarity into obscurity.

Yet the knowledge and insight so carefully harvested and stored will remain — just as the rainbow survives the storm — and a puddle outlives a drought.

Thus, as the fruits of life will always be a haphazard mixture of experiences' ingredients —

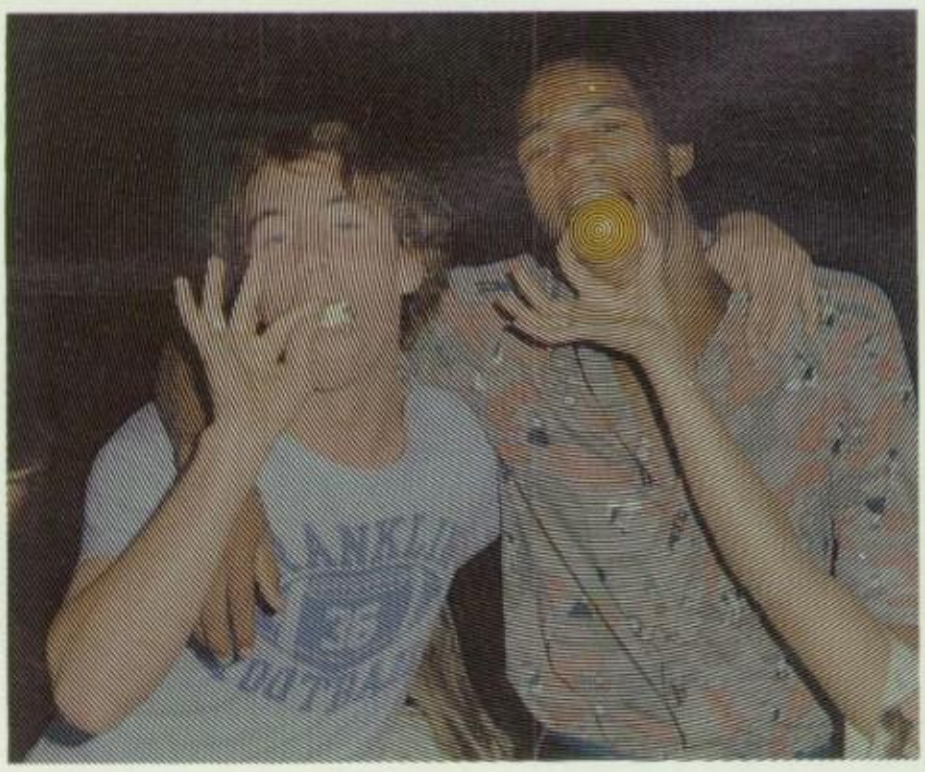
Our One will always be a Many.

ONE is the source for
all beginnings and the goal of all
endings . . . We all start alone,
as individuals with thoughts
to share . . .



Paulette,
It's been nice
knowing you—then
post two years
more to go.
Love,
Deathell Cornett
"77"

OUT of sharing we gain friendship and trust; from these we learn to love . . . And with love for everything and everyone, we return to a oneness.

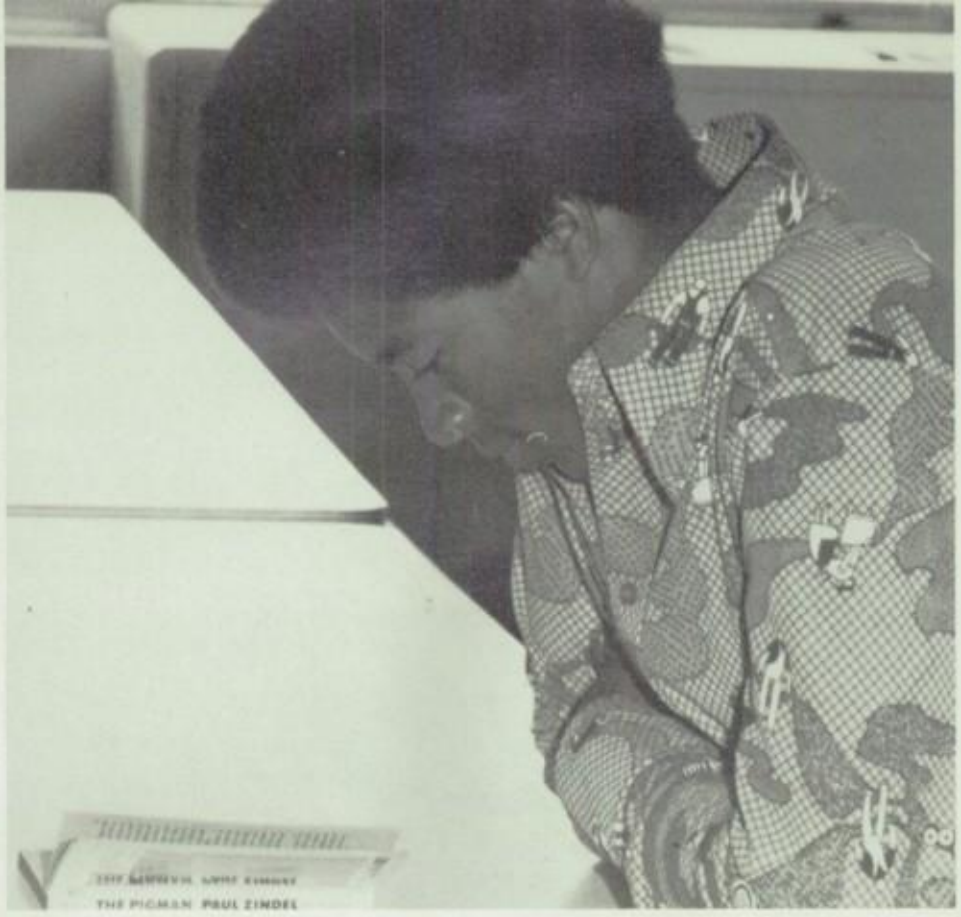


Scarlette,

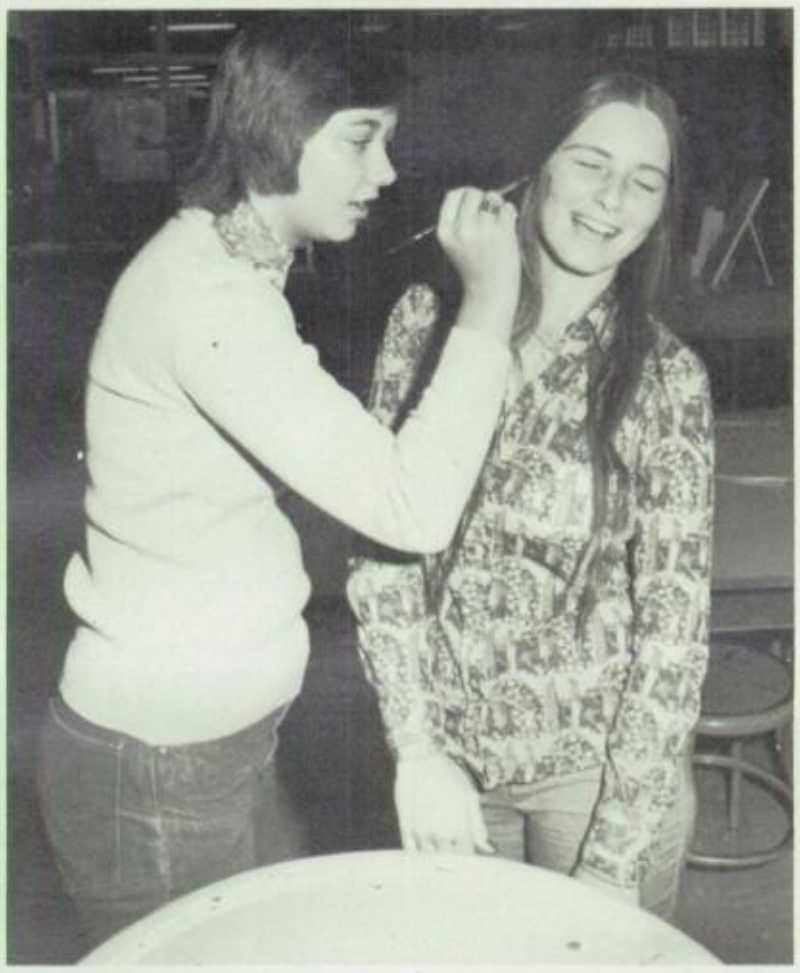
It has been alot of in study. All the jokes and laughs and fun times. May you have the best of Luck in all you do. Be good and have fun.

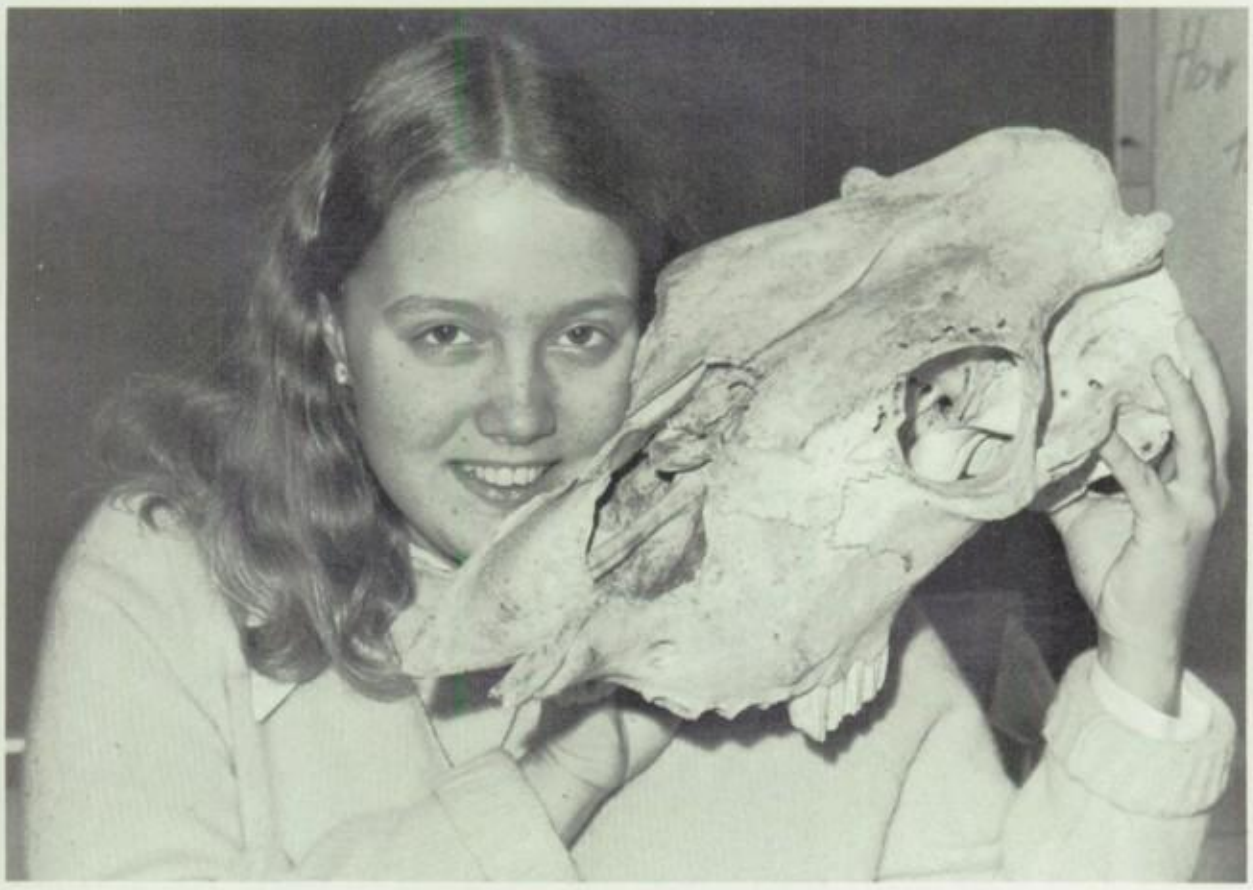
Love
Margaretann '76' AFA

OF ourselves we are learning, for as we journey through each day of life we uncover our own hidden treasures.



THE PICMAN PAUL ZINDEL





MANY times we may feel
that we are once again alone,
yet we will always remember that
we are a part of the world, as
the world is a part of us.

# In Memory Of
## Donald S. Rudick, Jr.

Oftentimes have I heard you speak of one who commits a wrong as though he were not one of you, but a stranger unto you and an intruder upon your world.
But I say that even as the holy and the righteous cannot rise beyond the highest which is in each one of you,
So the wicked and the weak cannot fall lower than the lowest which is in you also.
And as a single leaf turns not yellow but with the silent knowledge of the whole tree,
So the wrong-doer cannot do wrong without the hidden will of you all.
Like a procession you walk together towards your god-self.
You are the way and the wayfarers.
And when one of you falls down he falls for those behind him, a caution against the stumbling stone.
Ay, and he falls for those ahead of him, who though faster and surer of foot, yet removed not the stumbling stone.
And this also, though the word lie heavy upon your hearts:
The murdered is not unaccountable for his own murder,
And the robbed is not blameless in being robbed.
The righteous is not innocent of the deeds of the wicked,
And the white-handed is not clean in the doings of the felon.
Yea, the guilty is oftentimes the victim of the injured,
And still more often the condemned is the burden-bearer for the guiltless and unblamed.
You cannot separate the just from the unjust and the good from the wicked;
For they stand together before the face of the sun even as the black thread and the white are woven together.
And when the black thread breaks, the weaver shall look into the whole cloth, and he shall examine the loom also.

Scarlette,
It's really gonna
be tough to write
something nice about
you. (Only kidding).
You know, maybe we
should go into
business together. We'd be
a helluva team.
You with your

# Administration

The Franklin Administration, referred to as the heart beat of our growing institution is not only responsible for the maintenance of the physical plant and the scheduling of students, but it promotes good working relationships between the students, faculty, parents, and the general community.

James M. Kennedy — Principal

1) "The greatest tragedies in the world and personal events stem from misunderstandings.
Answer: Communicate

2) The difference between possible and impossible is man's will.

3) The greatest builder of confidence is the ability to do something — almost anything — well.

4) When that confidence comes, then strive for humility; you aren't as good as all that.

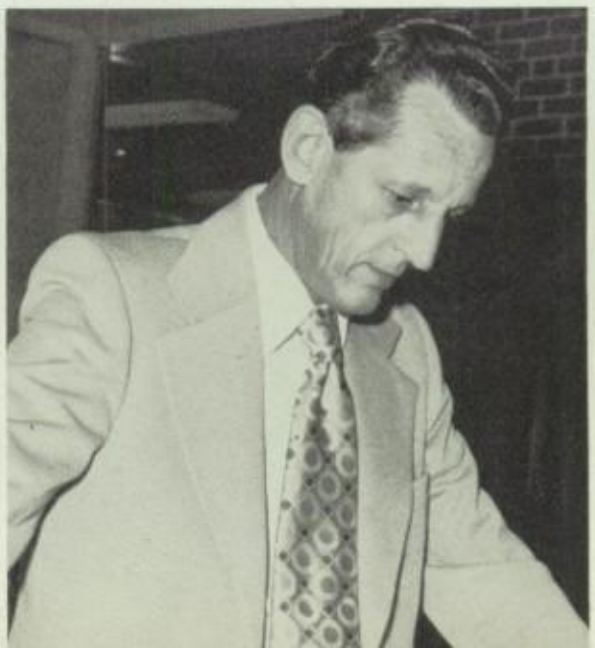
5) And the way to become truly useful is to seek the best that others' brains have to offer. Use them to supplement your own, and be prepared to give credit to them when they help."

Ralph Wood — Vice-Principal

"In every child who is born, no matter what circumstance and of no matter what parents, the potentiality of the human race is born again."
— James Agee

John A. Owen — Vice Principal

"Know thyself."



Donald K. Algier — Vice-Principal

"The view from the mountain top belongs to those who risk the climb."

"May I help you" is the opening question of our office secretaries who are always willing to offer assistance to students. Their efficiency and knowledge of anything from administrative affairs to the next Pep Club meeting even surprises the most exceptional student.

Lannie Schmidt — Secretary

"Purpose is what gives life meaning."

Shirley L. Bond — Treasurer

"All things are won by Diligence."

Jane Heinzman — Secretary

"The highest of distinctions is service to others."

Denise Zepp — Secretary

"Knowledge advances by steps, and not by leaps."

Knowing that the human mind must be housed in a sound body, the health department fights off plagues and quarantines those who have incurred destructive bacterial diseases. It has also been proved to be a resting place for those of us who have been taxed by a hard day.

Edna T. Kehoe — School Nurse

"My door is always open."

Mrs. Helen Hoffman — Guidance Department Chairman, Grade 10 Counselor

"Give me the ability to see good things in unexpected places and talents in unexpected people. Give me the grace to tell them so."

Guidance is for all students; it is not a separate activity, but functions through the entire school program. Its purpose is to serve students and faculty by helping the students to understand themselves, to plan their futures, and to work toward establishment of good relations with others.

# Guidance

Mrs. Nancy P. Howard — Guidance Department, Grade 11 Counselor

"A good archer is not known by his arrows but his aim."

Mr. Albert G. Straub — Guidance Department, Grade 12 Counselor

Truth stands the test of time; lies are soon exposed.
— Proverbs 12:19

Mrs. Mae Schone — Guidance Department Secretary

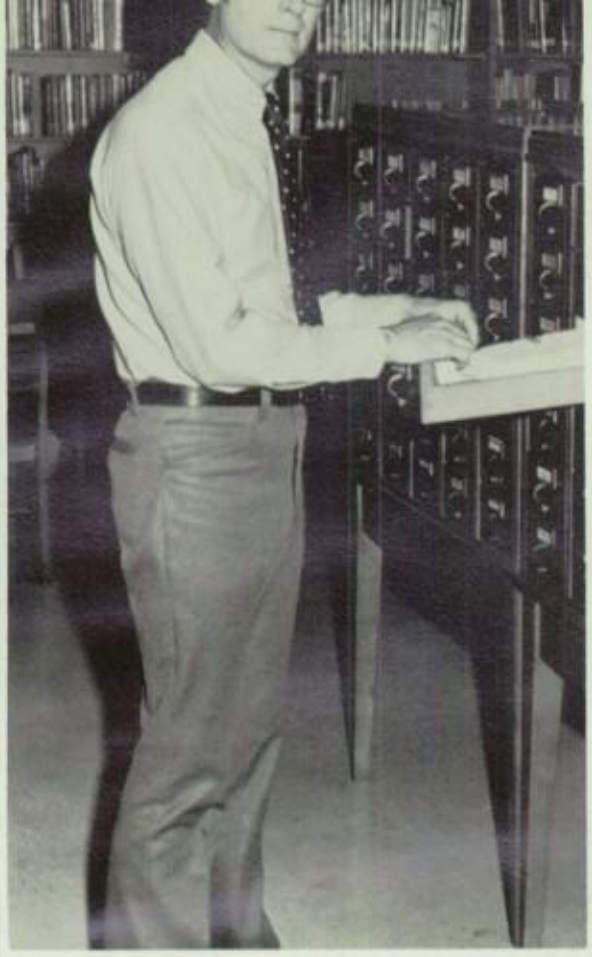
"Laugh and the world laughs with you; cry and you cry alone."

Alma E. Boyd — Special Education

"I should have then this only fear, lest men, when they my pleasures see should hither throng to live like me and build a city there."

Students are involved in a wide variety of activities, many of which lead to on-the-job-training. Instruction and course content are highly individualized.

# Special Education



William G. Hiatt — Librarian-in-Charge

"Come, and take choice of all my library, and so beguile thy sorrow."

In order to meet the demands of students, the library is engaged in a Federal Careers project. It maintains a career room which provides information on professional and vocational opportunities. The library also has the most reference material which is available to all students and faculty members.

# Library

Betty Fobes — Media Specialist

"A library is the medicine chest of the soul."

Joan Dobbs — Library Secretary

"Life can only be understood backwards; but it must be lived forwards."
— Soren Kirkegaård

George Douglas — Diversified Occupation 11, 12

"Experience is the best teacher."

The Diversified Occupation program is currently involved in determining which occupation would best suit the student. Without the D.O. program, it would certainly be harder for the students to make a basic decision on their careers before leaving high school.

# D.O.

# English

Concerned with such fundamental skills as vocabulary, spelling, grammar, reading, and usage, the English department focuses on covering these basics with students in both the academic and vocational fields. In addition, the department aids in broadening the outlook of students through open discussions of literature and other relevant topics concerning values in today's society. Taught in a practical, interesting, and creative manner, English skills will be useful in any aspect of life, broadening a student's literary, writing, and speaking experiences.

Mary L. Stitzel — English 12, Department Chairman

"With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy."

Jay Butler — English 12, Theatre Arts

"Goats have more fun."

Alvin M. Crickard — English 11, 12

"I don't want any 'diddly-dad-burned' participles dangling around me!"

Caroline Lapan — English 10, 11

"Living is more dangerous than anything."

Robert F. McConnell — English 11, 12, Yearbook Advisor

"This above all, to thine own self be true."

Irene K. Marudas — English 11, 12

"If people bring so much courage to this world, the world has to kill them so of course it kills them. The world breaks everyone and afterward many are strong at the broken places. But those that will not break it kills. It kills the very good and the very gentle and the very brave impartially. If you are none of these you can be sure it will kill you too, but there will be no special hurry."

Evelyn Stopak — English 12, Humanities, Speech, Written Composition, Junto Advisor

"Every day is a new opportunity."

Scarlette,
Have a good summer
and a great future. I'll
miss the sparkle of my study.
David Philips

Patrica P. McDonald — English 10, 11

"The beautiful changes
In such kind ways,
Wishing to sunder
Things and things' selves
For a second finding,
To lose for a moment
All that touches
Back to wonder."

David Philips — English 10, Journalism I, II, Photography Club, Gazette Advisor

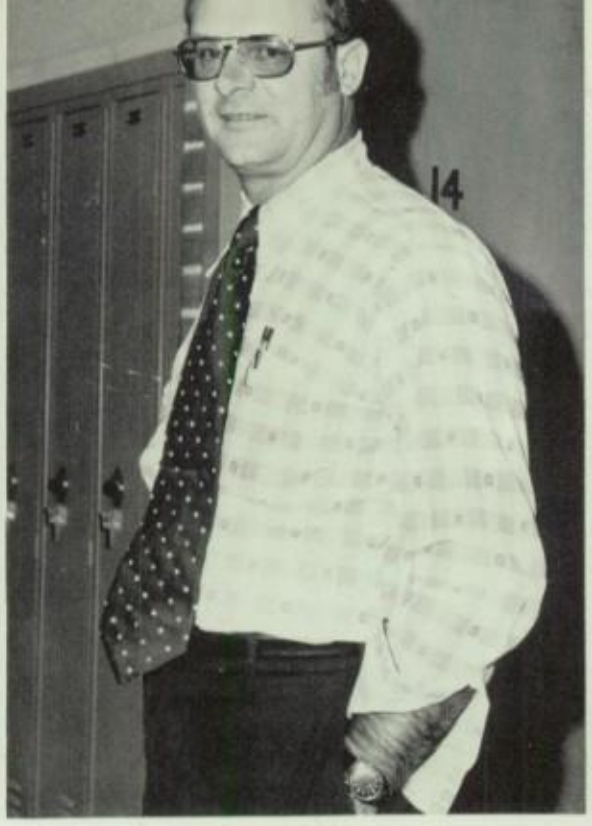
"It's a girl!"

Shelly R. Rudick — English 10

"The whole art of teaching is only the art of awakening the natural curiosity of young minds . . ."

Marion Norton — English 11

"Great men are they who see that spiritual is stronger than any material force, that thoughts rule the world."



Ferman J. Helmstetter — Social Studies 11, 20th Century World

"It is the little everyday concerns that count in making life better."

Although History is incorporated into the Social Studies curriculum, it should not be confused as being a "history course." Using field trips, lectures, and conventional class instruction, Social Studies makes apparent to pupils environmental issues and questions. Students are also made aware of cultural change and its effect on society. The new Humanities course, in the experimental stage, is concerned with man's dilemma and possible solutions.

# Social Studies

Mary Jane Daley — Social Studies 10, International Perspective

"Dare to be different. Live your own life and follow your own star."

Raymond D'Amario — Social Studies 10, Social Issues

George Williams — Images of Man, Humanities, Social Studies Department Chairman

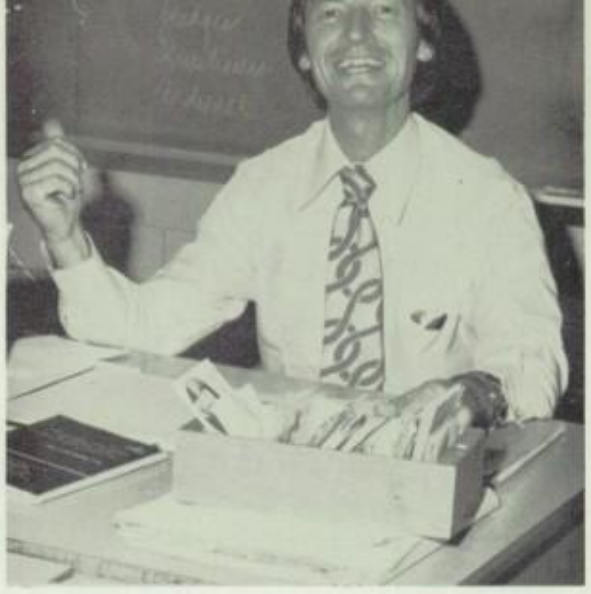
R. M. Moragne El — Social Studies 10, 11, Western Heritage

Walter E. Reuschling — Social Studies 10, 11, 12, International Perspective, American Experience, Man and His Urban Setting, Man and His Physical Setting

"An informed citizen is one of the most essential priorities in an operating democratic society."

William Ricketts — U.S. History, Archaeology

"The best in life is the simplest,
Love will last when wealth is gone,
Just be glad you're living
And keep cheering someone on."



R. Brent Sommers — Social Studies 11

"To study is to learn, to hear it is still better, but to teach it is best of all."

Anne L. Utz — Social Studies 10, 11, International Perspective, American Experience

William A. Zepp — Social Studies 11, American Experience, Dynamics of Individual Behavior

"Set your affection on things above, not on things on earth."

James Leiby — Career Oriented Program — 10

"Give me a fish and I eat for a day. Teach me to fish and I eat for a lifetime."

C.O.P. is concerned with encouraging academic success for tenth graders. The program is composed of major courses and an optional elective. In the afternoon, pupils transfer to a job in the community under the direction of Mr. Leiby.

# C.O.P.

# Science

Did you know that the star light which you see at night left years ago and only now is reaching your eye because of the vast distances of space! Did you ever think that if man could travel faster than light, time would stop? Did you know a photon can orbit the earth seven times in one second? Science is awe inspiring, challenging, and spectacular. Theories are presented, experimentation takes place, and if you're lucky, you are left with a valid result.

John R. Lorenz — Physics, Science Department Chairman

"As long as you did it to one of these, the least of my brethren, you did it to me."

James P. Sweeney — Chemistry 10, 11, 12, Practical Chemistry 10, 11, 12

"This is the beginning of a new day. God has given me this day to use as I will. I can waste it or use it for some good purpose. But what I do with this day is important because I have exchanged a day of my life for it. When tomorrow comes, today will be gone forever. I hope I will not regret the price I paid for it."

Carl Allender — Biology 10

"Never be satisfied with mediocrity or 'just getting by.' Give the time, make the sacrifice, pay the price, and work hard to be the very best at whatever you choose to do in life."

Charlotte —
You're a
livin' doll!
May your life
be filled with sunshine
always!

William McKinley — Senior High Science I, II, I.T.V. and A.V. Coordinator

"Where Liberty dwells, there is my country . . ."

Lewis R. Pendergrass — Chemistry, Physics

"When it is time to nominate a student for the title 'Most Likely to Be A Total Success In Life,' I would look among the students of average ability who do above average work or students who do their best long before I would look toward the list of exceptionally bright students who just drift along."

William M. Smith — Biology 10

"The mind is like a parachute, in order for it to function it must be open."

Richard R. Stambaugh — Biology 10, Ornithology, Horticulture

"Nature is what we see
The Hill, the afternoon —
Squirrel, Eclipse, the Bumble Bee
Nay — Nature is Heaven"
— Emily Dickenson

M. Elizabeth Robbins — Science Lab Aide

# Home Economics

Home Economics offers a rich variety of courses for students who like to become actively involved as they build skills for present and future use. Special emphasis on colonial foods traditionally culminates in our Thanksgiving dinner. Many of the early American skills such as patchwork, needlepoint, quilting, and embroidery are taught in Creative Home Arts. Clothing skills are involved in decorating the student lobby showcase with school color bunting.

Chesta B. Osborn — Nutrition and Foods I, Boys' Foods, Intercultural Nutrition and Foods, Home Economics Department Chairman

"Good food requires both inspiration and application."

Anne Fredenburg — Clothing I, Creative Home Arts I, II, Knits

"Give to the world the best that you have and the best will come back to you."

Mildred Goldberger — Human Developement, Interior Decoration, Marriage and Family Living, Bachelor Living

"Dare to try . . . (those who don't are only half alive)."

Robert J. Frey — Calculus, College Algebra, Math 12, Math Department Chairman

"John 3:16"

Mathematics? Positively basic, good heavens it's almost elementary.

$$\int \frac{x^3-2x^2}{x^2+9} = dx$$

$$\frac{x^3-2x^2}{x^2+9} = x-2t \quad -\frac{9x+18}{x^2+9}$$

$$\int \frac{x^3-2x^2}{x^2+9}\ DX = \int (x-z)dx - 9\int$$

$$\frac{xdx}{x^2+9} + 18\int \frac{dx}{x^2+9} \int \frac{xdx}{x^2+9} = \frac{1}{2}$$

$$\int \frac{du}{u} = \frac{1}{2} \quad 1 \quad \log \quad (x^2+9)$$

$$\int_{\log} \frac{x^3-2x^2}{x^2+9}\ dx = \frac{1}{2}x^2 - 2x - \frac{9}{2}$$

$$(x^2+9) + 6\tan -\frac{x}{3} + c$$

# Mathematics

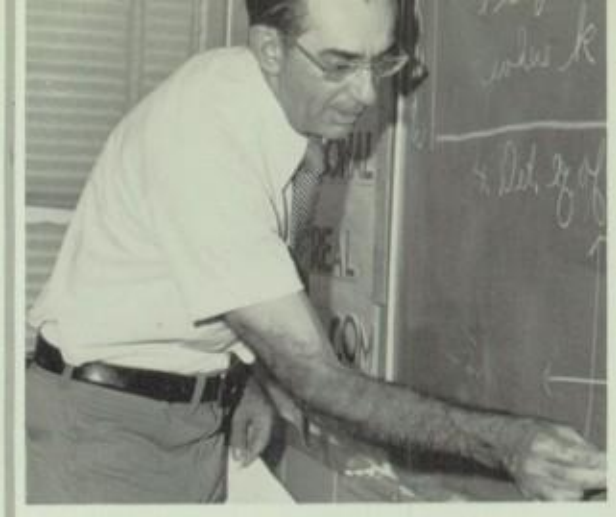
Mathematics? Great stuff, sharpens the mind. I always knew it was for the elevated thinker!

Nancy Desilet — Geometry, Algebra I, Applied Math for Girls

"There's never a dull moment!"

Marcia Henshaw — Geometry, Geometry and Transformations, Math 10

"My goal in teaching is to motivate students to accept and enjoy the challenge mathematics has to offer."



Good Luck.

Edward L. Lloyd — Algebra I, II, Computer Math/Probability

E. L. Lloyd

"Children have more need of models than of critics."

Joseph Noto — Trig./Anal., College Algebra, Applied Math

Matthew J. Tress — Algebra, Trigonometry

"Unto yourself be true."

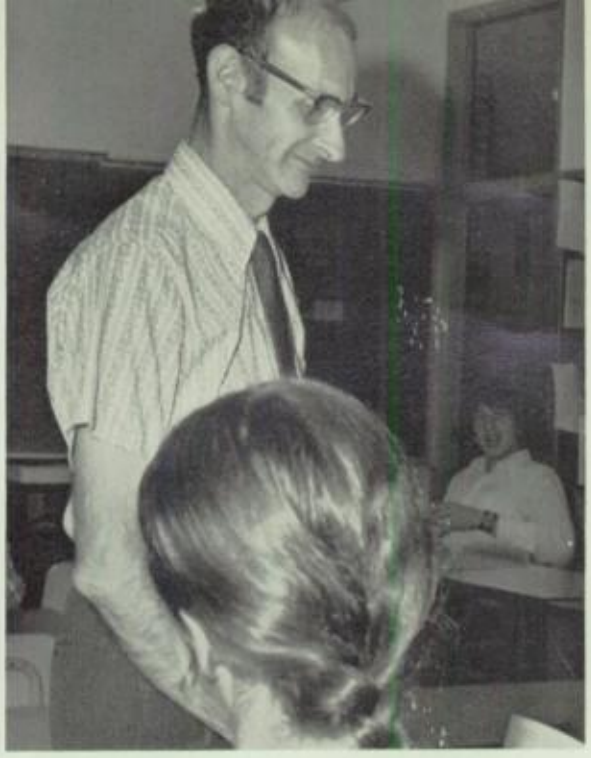
Joseph Colley — Spanish I, IV, V, Foreign Language Department Chairman

"The awareness of other cultures and their contributions to the world enhances the appreciation and enjoyment of our own."

Franklin's fabulous language department is filled with fantastic foreign speech. Spanish is especially strong but French is just as ferocious. We're sure students who took French or Spanish will remember their fun filled sessions."

El departamento de lenguas extranjeras en Franklin está lleno de idiomas fantásticos. Español es muy difícil pero francés es tan feroz. Estamos seguros de que los alumnos que tomaron francés o español recordarán sus clases llenas de alegría.

# Language



Albert Bachman — French I, II, III, IV, V

"Music exalts life."

Naomi Miller — French I, Spanish I, II

"Naturaleza — belleza."

Rick Wiscott — Spanish III, IV

"School is like life, you get out of it what you put into it, so it's your nickel."

B. J. Forsythe — Foreign Language Lab Aide

# Business

Business teachers prepare pupils for post high school life by exposing them to all facets of elementary business procedures. Future business leaders are encouraged to apply their acquired knowledge in day to day life so that they will be better oriented with the upcoming business world.

Evelyn Sachs — Shorthand I, II, Typing II, Business English, Business Department Chairman

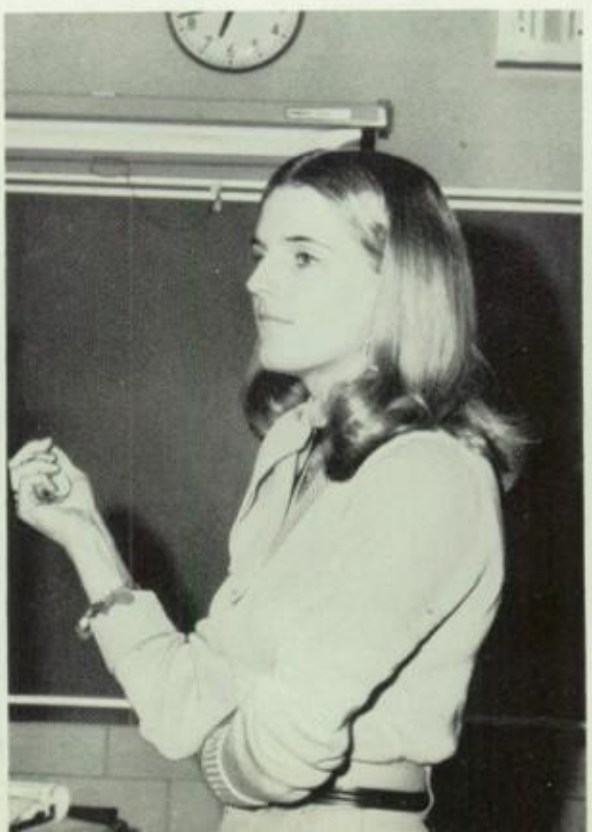
"I'm ok, you're ok. Isn't it great!"

Risa Schwartz — Typing I, II, Shorthand I, Introduction to Business

"Life is a tapestry of rich and royal hue, an everlasting vision of the everchanging view. A wonderous woven magic in bits of blue and gold, a tapestry to see and feel but impossible to hold."

Debi Dear — Typing I, Introduction to Business, P.U.T., Business Economics, Business Law

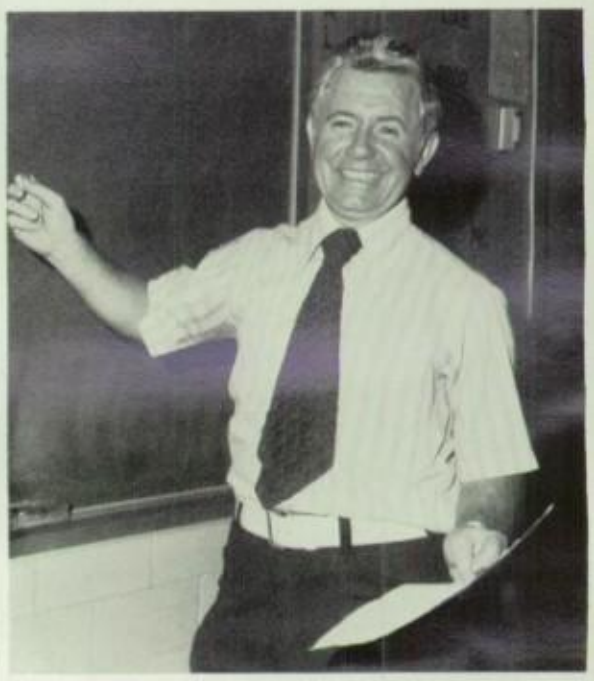
"Make your experiences at Franklin profitable ones for you will never pass this way again."



George Phillips — Accounting I, Business Math 10, 11, 12, School Store

"As long as there is one good student to be helped by instruction, the job's rewarding."

Nancy Zimmerman — Shorthand I, Typing II, Alphabet Shorthand, T.O.P.

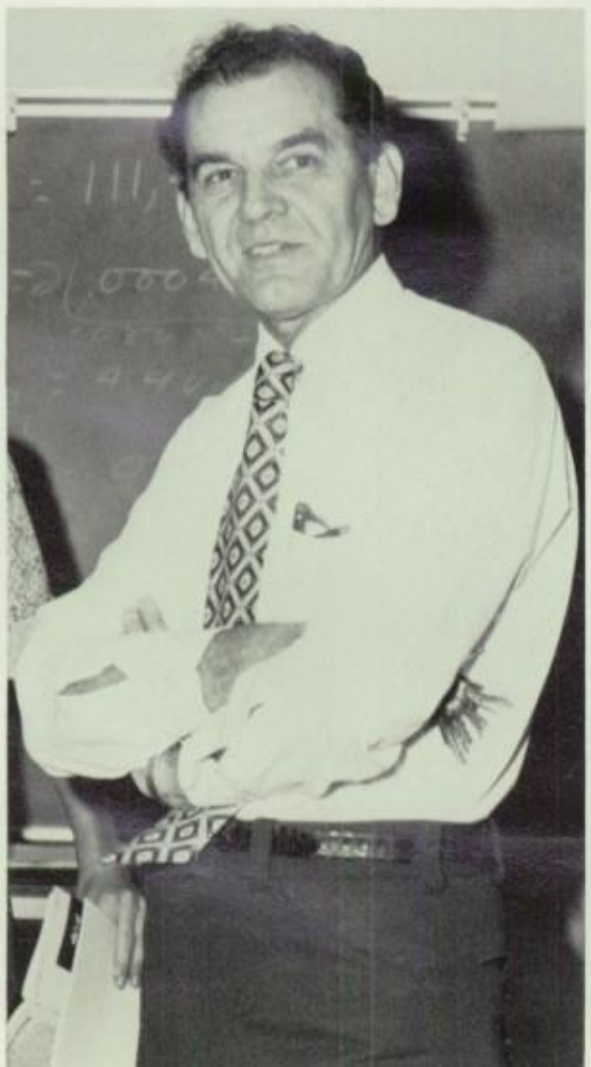


# Industrial Arts

Beneath the melody of crashing lumber, cracking staccatos of electric wires, ringing pipes and sweeping engines, a person may hear the melodious undertone of rhythmic hammering, whistling drills and wisking brooms. What symphonic sound! An orchestral masterpiece, unable to be heard anywhere else but in the halls of the Industrial Arts Building.

Behind the music scene there lies a purpose, creativity. Either you are an apprentice in the auto, electrical, metal, or wood area, or you learn by using your imagination and your hands. Building from scratch, one can experience the planning, developement, and finished product. There exists a need for pride and perfection, and this concept is unquestionably conveyed in the Industrial Arts Department.

Andrew J. Hinlicky — Electric I, II, III, Industrial Arts Department Chairman



Earl Crusse — Auto I, II, Understanding Your Car, J.V. Basketball Coach, J.V. Outdoor Track Coach

"Franklin students are the finest in the land."

Robert R. Durham — Drafting, Wood Working 10, 11, 12

George Grogan — Wood I, Technology in the Home, Auto Math, Applied Math

Charles R. Gross — Metal and Wood 10, 11, 12

George Wagner — Boys' Physical Education Department Chairman

"Great joy and satisfaction comes from seeing young men and women develop into responsible individuals. I am hopeful that the physical education and interscholastic programs at Franklin help in this department. My only regret as an educator is that students will not give themselves and their teacher a chance in the nurturing of good responsible citizenship."

The Physical Education Department offers an array of activities in both recreational and first aid areas. Students are exposed to a program which enables them to appreciate and understand the basic fundamentals of sports by active participation. A competitive yet sportsmanlike atmosphere is the major theme of the department.

# Physical Education

Ellen M. Cronhardt — Girls' Physical Education

". . . It's how you play the game."

Claude Darr — Boys' Physical Education

"There ain't a horse that can't be rode nor a rider that can't be throwed."

Robert M. Dean — Boys' Physical Education 11, 12, Indoor Track Coach, Track and Field Coach

"It is better to have tried and failed than never to have tried at all."

Robert Herring — Boys' Physical Education 12, Varsity Basketball Coach, Varsity Golf Coach

Debbie Otto — Girls' Physical Education 11, 12, Varsity Field Hockey and J.V. Softball Coach

"To love life and men as God loves them — for the sake of their infinite possibilities . . ."
— Doug Hammarskold

Jill Myers — Girls' Physical Education, Varsity Basketball and Tennis Coach

"To have failed is to have striven, to have striven is to have grown."
— Babcock

Sandy Hoody — Girls' Physical Education, J.V. Volleyball, J.V. Basketball, Varsity Lacrosse Coach

"If someone wants something or has a goal to reach, then one can acquire it if their desire and want is great enough. You can have anything you want, you just have to reach out and take it."

Richard Daniel — Band, Music in Theatre, Music Theory I, II, Recreational Instruments

Both the band and the chorus participate in local and out of state musical affairs. The Music Department endeavors to unfold the world of music to all so that many may appreciate this international language.

# Music

Preston Hutt — Chorus, Choir

"He drew a circle that shut me out
Heretic, Rebel, a thing to flout
But love and I had the wit to win
We drew a circle that drew him in."

Maria Perkins — Strings

# Art

Through drawing, painting, and sculpting, the art program at Franklin Senior High hopes to increase awareness and sensitivity. The use of media and various materials aims for a self awareness, a consciousness of environmental needs, and a knowledge of our place in the flow of art history.
Available for those with a special interest in pursuing art as a career are opportunities for perfecting the above areas as well as the opportunity for participating in print making techniques.

Everett C. Rose — Art Department Chairman, Art I-IV

"Teaching has been called the art of persuasion. That I should have persuaded students to create, in order to know themselves more fully, and to be more sensitive. My vehicle is art."

Lisa Sepp — Art I, Art Seminar

"Enjoy art, and let it add to your life."

# C.O.E.

Cooperative Office Education involves extensive on the job training for selected secretarial majors at Franklin. Students are employed by offices in the business community with possible continued employment after graduation.

Patrick VanHuss — Accounting I, Personal Use Typing, C.O.E.

# Drive
# Educatio

Franklin's Drivers Education Departme has come a long way since establishment as a recognized scho program in 1876. Old alumni c remember long hours of practice on o seat, instructor drawn ox carts. The or problem was that cursed parallel parkin Today, however, carts are equipped f bad weather instruction. All in all, it is t popular belief that the departme provides for the acquisition of defensi and quality driving habits. Drivi teachers please be ale

Roses are Red
Grass is Green
I'll look at
you when I
you I'd like to scream

Scarlett,
We've only met this
year, but its been alot
of fun, especially Chemistry.
Have a nice summer. Hope
to see you next year.
Good Luck
Mary Jo

Scarlette,
Math class was a lot
of fun this year. Remember
Dave R. and the look on
Mr Lloyd's face when you
gave him that kiss. It'll
good that neither of us are
graduating this year, cause
then we'll still have another
year of high school to keep in touch.
Stay as sweet as you are, and
good luck with Bob. (Don't do
anything I wouldn't do!!).
And Remember. the Orioles are #1,
just like the class of "77"
Lotsa luck
luv.
